Clarins

Clarins was 'born' in 1954 and has been 'taking beauty seriously' ever since. What started as a small range of plant-based personalised treatments on a high street in Paris has expanded into a whole family of treatments and skincare solutions and the European leader.

Before botanical ingredients were fashionable Clarins found the plant world to be an endless source of inspiration. By purifying and enhancing natural ingredients Clarins is able to offer a truly effective and innovative product range including sun care, make up, face and body care, fragrance and Clarinsmen. Each is tested rigorously to ensure its efficacy and a truly seductive texture and fragrance that looks and feels great on the skin.

At Elysium, we offer a wide range of Clarins facial and body treatments, all of which are complimented by a large selection of products available for you to enjoy at home.
